JAVITS WOULD SILENCE SUPREME COURT CRITICS

by John Lines

Senator Jacob K. Javits of New York, who is the mouthpiece in the Senate of some of the most objectionable Left-Liberal groups in the country, has thought up a way to silence the patriotic organizations.

Javits inserted his gag provision in his so-called anti-hate bombings resolution which he introduced in the Senate on January 9, (S.125). Tucked away in this innocent-seeming resolution is a provision which would make it illegal for anti-Communist and conservative groups to solicit money through the mails if said groups are critical of the decisions of the Supreme Court.

The gag provision is explicit.

S.125, if enacted, would authorize "exclusion from the mails of matter relating to the solicitation of funds for . . . . certain unlawful activities." It is when these activities are defined that the true malice of the bill becomes apparent. "Unlawful activities" are described as "interfering with the execution of any Federal statute or with the decree, order, judgement or mandate of any Federal court."

Coming down to cases, this would mean that a reputable organization of Southern States citizens which publishes criticism of the integration decision of the Frankfurter-Warren Supreme Court could be denied use of the mails. Or, to take another situation, it would close the mails to a veteran or patriotic organization which dared to criticize the Supreme Court for its series of decisions weakening the anti-Communist laws. There would be almost no limit to which a headline-hunting Left-Liberal prosecutor could go in hounding and silencing genuine anti-Communist groups if this Javits bill should secure passage. It could also be used to blackmail conservative magazines and newspapers to remain silent on the Supreme Court, under threat of prosecution.

The dangerous provisions of this resolution were immediately recognized by Col. Eugene C. Pomeroy, official of the research department of the Liberty Lobby, a Washington patriotic organization. The Liberty Lobby has issued an alert to American-minded groups throughout the country to take steps to defeat this un-American and fascistic proposal.

Do You Know?

► The Conspirators continue The Plan to have "their organizations" lead the taxpayers into the barns where they will be "milked" and "beefed."

►Our present "alien controlled immigration" is weakening us. It serves the Communist conspiracy. It makes these United States a human dumping ground. There are now 7 million people **illegally** in our country!

► Five billion dollars will be spent this year to pay farmers for not growing food and to underwrite unprofitable ventures. 2,210 farmers have received subsidy loans in excess of $10,000 each.

► Just as alloys make metals stronger, so an admixture of Truth makes Praise sweeter and Character better.

► MERCURY knows the name of the foreigner who was brought into the United States by Owen Lattimore in 1950. Did that man, who was immediately taken to Johns Hopkins University, arrange for President Ike's brother to become President of Johns Hopkins University?

► Taxpayers remember that observers say that U.S.A. stands for United Saps of America.

► **Birds of a feather:** While in the U.S.A., Anastas Mikoyan visited with James Roosevelt. He expressed regret at not being able to accept Mrs. Eleanor Roosevelt's invitation to visit her in Hyde Park. Adding to his remarks he said: **"Roosevelt is a very good name in the Soviet Union."** The New York *Daily News* in commenting on this interview said: "It sure as shooting should be. F.D.R. recognized Stalin's Red government when it was on the ropes in 1933; poured $11 billion worth of lend-lease goods into Russia in World War II; paved the way at Tehran and Yalta for Stalin's huge postwar land grabs. F.D.R.'s Congressman son is now trying to kill the House Committee on Un-American Activities, one of the domestic Reds' most dangerous enemies. At least, we are glad to learn that Mikoyan can show gratitude where gratitude is owed."

► Life is a fight and if you are not in it actively there's something wrong.
