**A Butcher.**—In a certain literary club years ago, one of the members, in proposing the name of a candidate for membership, mentioned among his qualifications that he could speak several dead languages. To this an opponent replied that he never heard the gentleman in question speak but one dead language, and he murdered that as he went along.—*Christian Register.*

#### WARNING!

#### BEWARE OF SUBSCRIPTION SWINDLERS!

Swindlers are at work throughout the country soliciting subscriptions for popular periodicals. We urge that no money be paid to strangers even tho they exhibit printed matter apparently authorizing them to represent us, and especially when they offer cut rates or a bonus. THE LITERARY DIGEST mailing list showing dates of expiration of subscriptions is never given out to any one for collection of renewals. Better send subscriptions direct, or postpone giving your order until you can make inquiry. If you have reason to suspect that the members of your community are being swindled, notify your chief of police or sheriff, and the publishers, and arrange another interview with the agent at which you can take such action jointly as may seem proper.

## Help Us Focus the Condemning Light of Public Opinion on THE SLIP-SHOD DRIVER—*The Greatest Enemy of Motoring*

The *slip-shod* driver is one who leaves tire chains in the locker when careful drivers put them on their wheels. Driving with chainless tires over wet-slippery-skiddy streets he gambles with the lives and property of everyone in his path.

Only two things can reach the *slip-shod* driver—fear of the law and the mightier power of public opinion. So, we ask you to help us arouse and concentrate a public opinion that will compel the *slip-shod* driver to use intelligence and judgment that will safeguard all of us against all preventable accidents.

Concentrate your light of condemna-

tion on every driver who cuts corners; who does not signal when stopping or turning; who does not give a warning signal of his approach; who exceeds a safe speed limit; who does not inspect his brakes and steering gear; and who does not stop to put on tire chains at the first indication of wet-slippery-skiddy streets.
