Throughout six decades, this man challenged and changed the way economists think.

Ludwig von Mises (1881-1973)

In sixty years of teaching and writing, Professor Ludwig von Mises rebuilt the science of economics—as well as the defense of the free market and honest money—on a foundation of individual human action.

Professor Mises, the greatest economist and champion of liberty of our time, was the author of hundreds of articles and books including *Human Action*, *Socialism*, and *The Theory of Money and Credit*.

The Ludwig von Mises Institute is a unique educational organization supported by contributions and dedicated to the work of Ludwig von Mises and the advancement of Austrian economics, the free market, and the gold standard.

Ludwig von Mises dedicated his life to scholarship and freedom. The Mises Institute pursues the same goals through a program of:

- Publications—including *The Review of Austrian Economics* edited by Murray N. Rothbard; *The Free Market*; *The Austrian Economics Newsletter*; books; monographs; and *Issues in Economic Policy*.
- Scholarships for Misesian graduate students.
- Student study centers on or near the campuses of Auburn University, George Mason University, Stanford University, and the University of Nevada, Las Vegas.
- Instructional seminars in introductory and advanced Austrian economics.

- National conferences on the gold standard, the Federal Reserve, the income tax, sound banking, and the work of Ludwig von Mises and Murray N. Rothbard.

- The O.P. Alford, III, Center for Advanced Studies in Austrian Economics.

- Public policy work in Washington, D.C., on the free market and gold standard.
