## DIRECTIONS

To solve this puzzle you must guess twenty-odd words, the definitions of which are given in the column headed DEFINITIONS. The letters in each word to be guessed are numbered. These numbers appear under the dashes in the column headed WORDS. There is a dash for each letter in the required word. The key letters in the squares are for convenience, indicating to which word in the definitions each letter in the diagram belongs. When you have guessed a word, fill it in on the dashes; then write each letter in the correspondingly numbered square of the puzzle diagram. When the squares are all filled in, you will find (by reading from left to right) a quotation from a famous author. Read up and down the letters mean nothing. The black squares indicate ends of words; words do not necessarily end at the right side of the diagram. When the column headed WORDS is filled in, the initial letters spell the name of the author and the title of the piece from which the quotation has been taken. Authority for spelling and definitions is Webster's New International Dictionary (second edition).
