DIRECTIONS

To solve this puzzle you must guess twenty-odd WORDS, the definitions of which are given in the column headed DEFINITIONS. Alongside each definition, there is a row of dashes—one for each letter in the required word. When you have guessed a word, write it on the dashes, and also write each letter in the correspondingly numbered square of the puzzle diagram. . . . When the squares are all filled in, you will find that you have completed a quotation from some published work. If read up and down, the letters in the diagram have no meaning. . . . Black squares indicate ends of words; if there is no black square at the right side of the diagram, the word carries over to the next line. . . . When all the WORDS are filled in, their initial letters spell the name of the author and the title of the piece from which the quotation has been taken. Of great help to the solver are this acrostic feature and the relative shapes of words in the diagram as they develop. Authority for spellings and definitions is Webster's New International Dictionary, Second Edition.

Solution of last week's Double-Crostic will be found on page 8 of this issue.

THIS IS A BOMBSHELL OF A BOOK... a thought-provoking, fight-provoking, mercilessly honest study of our brave new world of fish-tailed automobiles, embarrassingly Freudian comic strips, orgiastic "detective" stories, and dehydrated fresh-frozen "culture". By turns stinging, hilarious, and perversely hopeful, it is the most comprehensive and significant critique of mass culture ever published—a fitting successor to *The Lonely Crowd*.

\$6.50 Everywhere — Yours Free

Never until now has the scholarly world descended upon the "popular" arts with such thoroughness, such diabolical zest, and such remorseless logic. The writers of this book are justly celebrated in the academic sphere (David Reisman, Edmund Wilson, Dwight MacDonal, Christopher LaFarge, Clement Greenberg, and Charles J. Rolo are just a few of them). But here their scholarship is directed at some exceedingly down-to-earth questions. *For example:*

L'il Abner Psychoanalyzed

Is L'il Abner's mother over-protective and masculine? (And if so, why did Al Capp name her Pansy?) Why do "naughty" girls in Hollywood films turn out to be "good"? (And why do good girls in French films turn out to be naughty?) Was it just a coincidence that Spillane and McCarthy happened to the same country at the same time?

No aspect of American popular culture is neglected (or spared). The hagiology and demonology of Madison Avenue... the "culture-pill" therapy of the self-help books and the digest magazines... Hollywood's contributions to theology... the rage for "nearly-classical" music... the almost clinical portrayal of advanced schizophrenia in a popular

song called *Paper Doll*... the bizarre "Orwell-esque" implications of *Person to Person* and *This Is Your Life*... these are just a few of the other mass-phenomena studied, diagnosed, and dissected with delightful erudition (and with utterly fascinating results).

MASS CULTURE is typical of the kind of book the MARBORO BOOK CLUB makes available regularly to its members at drastically reduced prices. It has just been published at \$6.50. But it is yours *without charge* if you join now.
