## DIRECTIONS

To solve this puzzle you must guess twenty-odd WORDS, the definitions of which are given in the column headed DEFINITIONS. Alongside each definition, there is a row of dashes—one for each letter in the required word. When you have guessed a word, write it on the dashes, and also write each letter in the correspondingly numbered square of the puzzle diagram. . . . When the squares are all filled in, you will find that you have completed a quotation from some published work. If read up and down, the letters in the diagram have no meaning. . . . Black squares indicate ends of words; if there is no black square at the right side of the diagram, the word carries over to the next line. . . . When all the WORDS are filled in, their initial letters spell the name of the author and the title of the piece from which the quotation has been taken. Of great help to the solver are this acrostic feature and the relative shapes of words in the diagram as they develop. Authority for spellings and definitions is Webster's New International Dictionary, Second Edition.

When you drive through the Lake George-Lake Champlain area, be sure to see Fort Ticonderoga, N. Y.—restored as it was in the days of the Revolution. It's open May 1 to Oct. 31.

## Fort Ti—where a big man turned the key to a continent

Ethan Allen was a big man. Big in stature . . . big in his belief that every man should be free.

Early on a May morning in 1775, Col. Ethan Allen led his Green Mountain boys across Lake Champlain, and captured Fort Ticonderoga. Hammering on the fort's door, he roared for surrender "In the name of the great Jehovah and the Continental Congress." His victory greatly encouraged the Colonists in the struggle for freedom and gave them control of a vital water route — key to a continent.

Today, some quarter of a million Americans each year invade the old Fort, restored in perfect detail by the late Stephen H. P. Pell and his family. The Fort stands in the heart of one of our most attractive vacationlands, where

historic Lake Champlain meets the waters of Lake George — a haven for fishing, camping and other sports.

It's been 182 years since Ethan Allen pounded on the door at Fort Ti, but the echoes have never died. You could hear them at Anzio and Iwo . . . at Inchon and Omaha Beach. The Colonel would be mighty pleased to know that Americans are still willing to wade ashore in the fight for freedom.
