

Personal History

Continued from page 72

the conduct of the Civil War, in the shaping of reconstruction and the defeating of Lincoln's moderate plans, in the impeachment of Andrew Johnson, and in the struggle for emancipation.

I would be glad if the author had offered us more of his own reaction to Sumner. Professor Donald has given us a superb piece of scholarship: a portrait through the historian's telephoto lens. To give his work equal stature as biography he must, I think, be willing to shake hands with his subject.

BACK HOME AGAIN: It is quite plain in "God's Oddling" (McGraw-Hill, \$4.95), another mélange of reminiscences of hill life in Kentucky, that Jesse Stuart has in mind as the titled character his father, Mitch Stuart, for he traces, in a series of incidents, the life of Mitch from the time of his early fatherhood on the Little Sandy to the day of his death in W-Hollow country, made familiar by Stuart's other books. Most of this one is taken up with incidents, such as mule trading and feuding, planting and harvesting, that illustrate Mitch Stuart's exhausting life.

The book, one feels, is at once an indictment of today's social security society and an almost poetic elegy to Stuart's clan—hard-working, hard-fighting, hard-drinking, religious people, fiercely honest, frighteningly industrious, with a poignant smell of humanity about them.

"God's Oddling" is hard to put down, not because of any strong thread of narrative (it is merely strung together) or because of any obvious organization of biographical detail, but merely because each incident grips the reader with a sense of immediacy and import, as if the writing were not done with a typewriter, but with a stub of Kentucky sassafras or sumac—a compulsive piece that Stuart had to spew out.

Whatever verdict is rendered on Stuart as a writer (and so far he has achieved success, both critically and popularly), that verdict must necessarily take "God's Oddling" into consideration, for this is Jesse, as much as or more so than it is Mitch Stuart: one sees Mitch through Jesse's boyish, youthful, and mannish eyes; one sees the beholder more clearly than the subject of his beholding. Jesse follows his father through the meager coal mines of Greenup County, the infertile fields of W-Hollow, the tiny towns of Kentucky's hills, and we have a touching portrait of an almost medieval existence in a dimly remembered America of the Twenties and Thirties.

—ROLAND DICKISON.

CLASSIFIED

CLASSIFIED ADVERTISEMENTS are accepted for things wanted or unwanted; personal services; literary or publishing offers, unclassified elsewhere; miscellaneous items appealing to a special intelligent clientele; jobs wanted; houses or camps for rent; tutoring; ideas for sale. DIRECTIONS

To solve this puzzle you must guess twenty-odd WORDS, the definitions of which are given in the column headed DEFINITIONS. Alongside each definition, there is a row of dashes—one for each letter in the required word. When you have guessed a word, write it on the dashes, and also write each letter in the correspondingly numbered square of the puzzle diagram. . . . When the squares are all filled in, you will find that you have completed a quotation from some published work. If read up and down, the letters in the diagram have no meaning. . . . Black squares indicate ends of words: if there is no black square at the right side of the diagram, the word carries over to the next line. . . . When all the WORDS are filled in, their initial letters spell the name of the author and the title of the piece from which the quotation has been taken. Of great help to the solver are this acrostic feature and the relative shapes of words in the diagram as they develop. Authority for spellings and definitions is Webster's New International Dictionary, Second Edition.
