## DIRECTIONS

To solve this puzzle you must guess twenty-odd WORDS, the definitions of which are given in the column headed DEFINITIONS. Alongside each definition, there is a row of dashes—one for each letter in the required word. When you have guessed a word, write it on the dashes, and also write each letter in the correspondingly numbered square of the puzzle diagram. . . . When the squares are all filled in, you will find that you have completed a quotation from some published work. If read up and down, the letters in the diagram have no meaning. . . . Black squares indicate ends of words; if there is no black square at the right side of the diagram, the word carries over to the next line. . . . When all the WORDS are filled in, their initial letters spell the name of the author and the title of the piece from which the quotation has been taken. Of great help to the solver are this acrostic feature and the relative shapes of words in the diagram as they develop. Authority for spellings and definitions is Webster's New International Dictionary, Second Edition.

Solution of last week's Double-Crostic will be found on page 12 of this issue.

# Profile of a Cultivated Person

*who has fallen into the habit of missing books*

**CAN IT BE YOU?** Just for self-appraisal check those you fully intended to read and failed to through oversight or overbusyness

The self-portrait you have drawn may reveal a sobering fact: the extreme degree to which you have allowed the irritating busyness of your life to keep you from the books you promise yourself to read. There is a simple way to break this bad habit: it is membership in the Book-of-the-Month Club.

**YOUR CHOICE IS WIDE** • Your only obligation as a member, under the special offer below, is to buy three books during your first year of membership, in addition to the three you select now, from at least 200 that will be made available. You may cancel this trial membership any time after buying three books. Every month the Club's Editorial Board chooses one outstanding work as the Book-of-the-Month, and in addition the Club makes available other widely discussed books as alternates — all together at least 200 each year. The list at the right is a good example of the wide range.

**YOU BUY WHAT YOU PLEASE** As to the Book-of-the-Month, you buy it only when you want it. You receive a full and careful report about it in advance of its publication. If you judge it as a book you would enjoy, you let it come. If not, you send back a form (always provided) specifying some other book. Or you may simply say: "Send me nothing."

**YOU PAY MUCH LESS** • When you do buy the Club Selection, you

usually pay less for it than you otherwise would. On the average, the price paid by Club members for Selections and alternates is 20% below the publisher's regular retail price. (For example, the members' price for *The Rise and Fall of the Third Reich*, which retails for \$10, is only \$5.95—a saving in this case of over 40%.)

**IF YOU CONTINUE AFTER THIS TRIAL MEMBERSHIP**, you will receive, with every Club choice you buy, a Book-Dividend Certificate. Each certificate, together with a nominal sum—usually \$1.00—can be redeemed for a valuable Book-Dividend which you may choose from a catalog of more than a hundred fine library volumes which now average \$7.00 in retail value. Since the inauguration of the Book-Dividend system, \$270,000,000 worth of books (retail value) has been earned and received by members through this profit-sharing plan.

**GOOD SENSE FOR 1962** • Frequently you intend to buy Club Selections, not knowing that they are such. *Why not buy them from the Club*, inasmuch as you will usually pay less for them and will share in the library-building advantages of the Club's Book-Dividend plan. Perhaps most important—in view of your self-check at right — this whole system, once and for all, *will really keep you from missing the new books you want to read.*
