DIRECTIONS

To solve this puzzle you must guess twenty-odd WORDS, the definitions of which are given in the column headed DEFINITIONS. Alongside each definition, there is a row of dashes—one for each letter in the required word. When you have guessed a word, write it on the dashes, and also write each letter in the correspondingly numbered square of the puzzle diagram . . . When the squares are all filled in, you will find that you have completed a quotation from some published work. If read up and down, the letters in the diagram have no meaning . . . Black squares indicate ends of words; if there is no black square at the right side of the diagram, the word carries over to the next line . . . When all the WORDS are filled in, their initial letters spell the name of the author and the title of the piece from which the quotation has been taken. Of great help to the solver are this acrostic feature and the relative shapes of words in the diagram as they develop. Authority for spellings and definitions is Webster's New International Dictionary, Second and Third Editions.

Introducing the Swiss Riviera

Last year thousands of Americans came to the Riviera, and didn't even know it.

That's because the Riviera we're talking about is the Swiss Riviera, and most people don't know it by that name.

They know it as the sunny side of Lake Geneva.

As Montreux, Nyon, Vevey, Lausanne, Coppet, Rolle, St. Prier, Morges, Lausanne/Cully, Vevey, Montreux.

Rolle, Geneva. As one of the most popular resort areas in Europe.

But can it really be called a Riviera?

Yes. And no.

No, if a Riviera has to be situated on the Mediterranean. Yes, if it means a certain way of life.

But no matter what name you use, you won't find it easy to forget the Swiss Riviera. Not the breath-taking blue of Lake Geneva. Or the sun-drenched beaches. Or the snow-capped Alpine mountain peaks.

In all there are 25 resort cities, towns, and villages. Some right on the lake, others high up in the mountains. There's the gaiety of Montreux where you sip cognac at lakeside cafes, or rub elbows with the wealthy and famous at the casino, or dance the night away in a wine-cellar night club. There's the lakeside promenade of Vevey, the earthy villages of Vaud, the international city of Geneva.

There are sailboats, and golf courses, and mountains just small enough to climb.

Why not begin your trip to the Swiss Riviera by jetting Swissair non-stop to Geneva (\$360 round trip*).

Once on board, you'll understand why Swiss service has become a legend. With us it's the little niceties that count: Like serving your meals with real china and silver.

For more on the Swiss Riviera, write or call Swissair. Offices in principal cities.

Or call your travel agent.

If he says he's never heard of the Swiss Riviera, please do us a big favor. Tell him all about it.

*14/21 day economy excursion fare from N. Y. valid Mondays through Thursdays except during certain peak summer periods.

The advertisement features a large, ornate, dark frame with intricate scrollwork. Inside the frame, a silhouette of a man in a top hat and formal attire is depicted in a dynamic pose, holding a cane. Below the silhouette, the name "I.W. HARPER" is printed in large, bold, serif capital letters. At the bottom right of the frame, a smaller scene shows a bartender in a white shirt and dark vest, standing behind a bar and pouring a drink. A large bottle of I.W. Harper Kentucky Straight Bourbon Whisky is prominently displayed in the foreground on the right side of the advertisement. The bottle label includes the text "GOLD MEDAL", "I.W. HARPER", "KENTUCKY STRAIGHT BOURBON WHISKY", and "186".
