## THE SILVER STORY

The Age of Silver has ended in American coinage. Virtually all silver coins are collectors items since the U.S. switched to "clad" coins in 1964. The collection contains a capsule of pure silver granules once mined from our great deposits in Colorado, Nevada and California, plus WWII silver nickels (1942-1945) along with pre 1964 dime, quarter and half dollar all containing 90% fine silver. Included in this collection is a genuine dollar silver certificate once redeemable for raw silver, now completely gone from circulation. Only \$29.95 plus \$2.45 shipping and handling. Actual size 12" x 10".

## WARTIME COINAGE

Victory under the moral and distinguished leadership of President Roosevelt and General Eisenhower was ours. Both of these leaders have been enshrined forever in U.S. Coins and are featured along with J.F.K. half dollar. During WWII the U.S. Mint diverted valuable metals much needed for the war effort. These coins are included:

\***Silver Nickles (1942-45)** which released stock piles of raw silver.

\***The Steel Penny (1943)** reduced the demand for copper.

\***Lincoln Cents (1944-45)** utilized the salvaged shell cases.

A most handsome and distinguished collection. Only \$19.95 plus \$2.45 shipping and handling.
